

Tender Opportunity January 2021

Background – Syspal Ltd are a leading supplier of stainless-steel specialist material handling products and related services to the food, pharmaceutical and healthcare industries. The company specialises in an extensive range of stainless-steel equipment that is essential to any hygiene and quality conscious environment. The product range includes: Hand, boot and utensil washers, freezer trolleys, step units, hygiene equipment, Eurobins and many other products.

A recent business review has identified the need for a new shot blasting unit to increase the show blasting capacity with the vision of reducing energy consumption and cost in production facility.

Opportunity – The company currently operate an old shot blast cubical to conduct all the shot blasting requirements of the production processes. This can create a bottle neck in the production processes and therefore, Syspal's management team have had to restart the night shift. We are looking to install a modern and larger alternative shot blaster unit incorporating direct pressure, stainless media specific system with cyclone separation, heavy duty conveyor supports and 2 x 1800mm turntable process stations.

Proposals to include prices for supply, installation, and commissioning. Proposals must also include the specification of the plant to be installed.

Site visits if required can be arranged with the project manager detailed below

Capability – Suppliers are invited to provide the most cost effective and energy efficient solution. Examples of similar installations undertaken in the past three years to demonstrate capability to design, install and commission this project.

Selection Criteria – The contract will be awarded to the most cost-effective tender that meets the requirements of the company and can be delivered within the planned timescales.

Payment Terms – Payment will be made in stages and agreed as part of the contract discussions. Anticipated payment terms to be included in the prospective supplier's quotation.

Cost – To be stipulated in the prospective supplier's quotation

Timescales

- Completed tenders to be received by the companies Project Manager via email no later than 12:00 noon on the 21st January 2021.
- Project installation timescale will need to be provided.
